Education

Ajeenkya DY Patil University (Newton School of Technology) B.Tech, Computer Science	Pune, Maharashtra Expected Graduation: 2029
---	---

- **CGPA:** 9.41 / 10 | **SGPA:** 9.68 / 10

Technical Skills

- **Programming Languages:** Python, JavaScript
- **Frontend Technologies:** React.js, HTML, CSS
- **Backend Technologies:** Node.js, Express.js
- **Databases & Tools:** MongoDB, Redis, PyTorch

Projects

AI-Powered Resume Screening Platform | Team Project | [GitHub](#)

- Collaborated within a team to rapidly prototype and develop an AI-driven resume screening tool.
- Leveraged AI capabilities to automate the parsing and evaluation of applicant resumes.

NST Helper | Node.js, Express.js, React.js | [GitHub](#)

- Developed a full-stack platform to assist first-year students with assignments and academic productivity.
- Built a robust backend utilizing Node.js and Express.js to manage user requests and assignment data.
- Designed an interactive frontend using React.js, seamlessly integrating AI tools to enhance the user experience.

URL Shortener | Node.js, Express.js, React.js, MongoDB, Redis | [GitHub](#)

- Created a full-stack URL shortening service to convert long URLs into easily shareable links.
- Implemented Redis caching to significantly reduce database load and improve URL redirection response times.
- Utilized MongoDB for persistent storage of original and shortened URL mappings.

Extracurriculars & Achievements

- ---

Competitive Programming: Active participant in algorithmic problem-solving using Python on Codeforces.
